# Civilization Game

**What:** Invented by Imagine's founder, Peter.

Civilisation Game is a creative and exciting challenge for groups of any size. Starting in a forest with limited supplies and materials, each group must compete to build up the best civilisation.

By the end of the game, groups usually figure out how to trade and cooperate with other 'civilisations' for mutual prosperity, thereby giving them some real-life parallel situations through which to understand topics of the world at large.

**When:** March to October. 2-5 Days.
